PRODUCT DESCRIPTION

Introducing a new set of accessories to our line of Scopus™ holsters

The RPR line of products enables the operator to attach any 1913 picatinny supporting accessory to a duty belt or a MOLLE load bearing equipment.

The **RPR Belt** enables the operator to mount his choice of accessory on a sturdy belt loop.

Adjust the **RPR Belt** to the correct belt width and slid it on to immediately have the ability to securely attach a light, or any other accessory that can be mounted on a 1913 MIL-STD picatinny rail, and with no tools needed, the operator can adjust the rotating swivel on the go for optimal performance.

Advantages:

Easily adjustable belt loop, supports a wide variety of belts, 33-58 mm (1.3-2.25 inches) wide

Rail is mounted on a swivel, for a 360 full range of motion, with no tools needed for adjustment

Available in matte black, olive drab green or flat dark earth

Made of durable fiberglass reinforced polymer composite construction

Compatibility:

Any accessory with the ability to mount on a 1913 MIL-STD picatinny rail
