PRODUCT DESCRIPTION

Introducing a new set of accessories to our line of Scorpus™ holsters

The RPR line of products enables the operator to attach any 1913 picatinny supporting accessory to a duty belt or a MOLLE load bearing equipment.

The operator can now securely attach a light, an ammo pouch or any other accessory that can be mounted on a 1913 MIL-STD picatinny rail to his **RPR MOLLE** and easily transform it to a MOLLE compatible accessory.

The **RPR MOLLE** incorporates a unique, patent pending, four point attachment design, each of the four attachment points completely captures the PALS webbing from above and below, enabling a tight and secure attachment of your gear to your system.

Advantages:

Four points of attachments, each point secures the webbing from two sides, enabling a very secure fit

MOLLE/PALS compatible

Rail is mounted on a swivel, for a 360 full range of motion, with no tools needed for adjustment

Light weight and compact design

Available in matte black, olive drab green or flat dark earth

Made of durable fiberglass reinforced polymer composite construction

Compatibility:

Any accessory with the ability to mount a 1913 MIL-STD picatinny rail

Any MOLLE or PALS webbing system
