PRODUCT DESCRIPTION

The **M24** holster was initially developed for a special LE agency that required a slim fitting design that would enable an easy draw of the handgun from a standing and sitting position.

Scopus® Level 1 Retention System- features two separate opposing passive retention devices that capture the trigger guard of the handgun and are pressure activated. To draw the handgun, the operator must firmly hold the grip and then perform a clean draw.

Features:

Excellent handgun protection in a slim and streamlined design

The **Scopus® Level 1 Retention System** - Featuring two separate mechanisms, for truly secure hand gun retention.

Special finger channel design, keeps index finger safely positioned during draw

Fixed 24 degree Cant that enables comfortable drawing of the weapon while being seated and while standing

Fixed belt adapter enables a slimmer design, placing the gun closer to the body

Supports a new, wider belt loop design for easy threading, fits belt sizes- 33-58 mm(1.2"-2.2")

Holster supplied with a non-interchangeable belt adapter configuration, a Paddle or Belt Loop

Available for Right Hand or Left Hand configuration

Durable fiberglass reinforced polymer composite construction

Available in Matte Black, Olive Drab green or Flat Dark Earth

The **M24** is available for the following handguns:

Glock 17, 19, 22, 23, 26, 27, 31, 32, 33, 34, 35, 41
