PRODUCT DESCRIPTION

The AR-Podium implements a bi-pod support for the AR-15 in a new and innovative way.

The AR-Podium enables the operator to install a steady and durable bi-pod platform without adding front-end weight and saving valuable rail space.

The AR-Podium is easily deployed with the main shooting hand, without having to alter the grip on the weapon, or lose sight of the target.

*US Patent No. 9,354,012.

* Total weight includes the AGR-43, weight of the Podium alone is 237 g

Advantages:

- Compact and sleek design with no protruding parts
- Rapid deployment mechanism operates by the push of a button
- Provides steady and durable bipod platform
- Quick and easy installation, no Gunsmith required
- Made of light and durable high-end reinforced polymer composite
- Saves valuable rail space for additional mounting options
- The model includes the AGR-43 pistol grip and the Podium bi-pod
- Available in Matt-Black, Olive Drab green or Flat Dark Earth

Compatibility:

M-16 / AR-15 , 5.56x45 lower receiver variants, with a standard magazine well
