PRODUCT DESCRIPTION

The T-POD FA 3 in one: foregrip, flashlight holder & bipod.

Advantages:

- Integrated foregrip, bipod, and tactical light saves valuable rail space
- Transforms into a sturdy bipod by the push of a button
- Unique double button design prevents accidental deployment
- Built for quick transition from close range engagement to long range precision shooting
- Legs are independently adjustable to 5 different length options for uneven terrain positioning
- Integrated push button mechanism for easy operation of the flashlight even with gloved hands
- Aviation-grade aluminum, steel, and reinforced polymer composite construction
- Quick and easy installation with double wing-nut mechanism
- Tested to withstand up to 250 lbs. /115kg. When mounted
- Non-slip ventilated design
- Available in black, olive drab green or flat dark earth

Compatibility:

- 1913 MIL-STD picatinny rails, with a minimum rail space of 70mm
- Speedlight 3V or 6V tactical flashlights
